🎵 中山路美食街 Zhongshan Road Food Street

南宁，广西首府，中国面向东盟的门户之城。中山路美食街汇聚老友粉、酸嘢、烤生蚝等邕城风味，是感受南宁市井烟火气的最佳去处。抵达后入住酒店，适应气候。南宁不是终点，而是通往边境与远方的起点。

Nanning, capital of Guangxi, is China's gateway to ASEAN. The lanes of Zhongshan Road gather the flavours of Yongcheng — lao you fen noodles, sour pickles, grilled oysters — the surest introduction to the city's street life. After checking in, take the evening to settle into the climate. Nanning is not the destination; it is where the road to the border and beyond begins.

🎵 德天瀑布 Detian Waterfall

德天瀑布位于崇左市大新县中越边境的归春河上游，是亚洲第一大跨国瀑布，世界第四大跨国瀑布，年均水量约为黄果树瀑布的三倍。归春河是左江支流，也是中越界河，河水从高达 50 余米的山崖三级跌落，最大宽度 200 余米，落差 70 余米，水势磅礴，水雾弥空，远望似素绢垂天，近观如飞珠溅玉。

德天瀑布所在地层为中泥盆统白云质灰岩，是典型的岩溶瀑布。因白云岩抗蚀性强、粉砂岩抗蚀性弱，水流长年冲刷侵蚀，形成多级跌水陡崖，造就了今天所见的三级跌落奇观。瀑布左侧为中国德天瀑布，右侧为越南板约瀑布，两国共享一道水幕，边境贸易的烟火气与自然恢弘同在。建议乘竹筏近距离感受水雾扑面，再登观景台俯瞰全景。

High on the Guichun River along the Sino–Vietnamese border in Daxin County, Detian is Asia’s largest transnational waterfall — and the world’s fourth largest — carrying on average three times the flow of Huangguoshu. The river, a tributary of the Zuojiang and itself the border, drops in three great tiers from cliffs of more than 50 metres, spreading up to 200 metres wide and 70 metres of fall. Seen from afar the water hangs like a scroll of white silk; up close it bursts into pearls and spray.

The falls cut through Middle Devonian dolomitic limestone, a textbook karst cascade: the resistant dolomite and weaker siltstone have been scoured by centuries of flow into the terraced cliffs you see today. China’s Detian fills the left of the curtain, Vietnam’s Ban Gioc the right — one shared sheet of water between two nations, framed by the quiet commerce of border life. A bamboo raft brings you into the spray, before a lookout opens the whole panorama above.

明仕田园 Mingshi Pastoral Countryside

明仕田园是国家级旅游度假区，典型的喀斯特峰林地貌。明仕河蜿蜒穿行于稻田与竹林之间，两岸石灰岩山峰倒映清流，风光俊朗清逸，素有“小桂林”之称。这里是《花千骨》《酒是故乡醇》等多部影视剧的取景地。壮族村寨散布河岸，可聆听壮族“高腔诗雷”山歌，品尝五色糯米饭、炭火烤乳猪等壮族特色美食。可乘竹筏顺流而下，或租自行车穿行田园。晚间入住崇左市区。

Mingshi is a national resort of classic karst peak-forest scenery. The Mingshi River winds between rice paddies and bamboo groves, limestone summits mirrored in its clear current — a landscape nicknamed “little Guilin.” Several television dramas, including *The Journey of Flower*, were filmed here. Zhuang villages line the banks, where you may hear the mountain songs known as *gaochang shilei* and taste five-coloured glutinous rice and roast suckling pig over charcoal. Drift downstream by raft or pedal a hired bicycle through the fields, then retire to Chongzuo for the night.

🎵 过境：东兴 — 芒街 Dongxing to Mong Cai

自崇左乘车前往东兴口岸，过境至越南广宁省芒街市。芒街是中越边境最繁忙的口岸之一，一桥之隔，市井风貌已悄然转换——法式殖民建筑与越南传统骑楼交织，越南文招牌取代了汉字，街角的咖啡摊开始飘出炼乳的甜香。过关后乘车南下前往下龙市。下龙是通往世界自然遗产的门户。晚间入住酒店，面朝下龙湾，感受海风中的咸味。

From Chongzuo we drive to Dongxing and cross into Mong Cai, Quang Ninh Province — among the busiest gates on the Sino–Vietnamese border. One bridge away, the street scene quietly changes: French colonial façades interweave with Vietnamese shophouses, Vietnamese signs replace Chinese characters, and corner coffee stalls begin to smell of sweetened condensed milk. Southward then to Ha Long City, the gateway to the bay. Tonight's hotel faces the water; the air carries the salt of the sea.

🎵 下龙湾游轮 Cruising Ha Long Bay

下龙湾位于越南东北部，是北部湾西海岸的一部分，总面积 1553 平方公里，拥有 1969 个石灰岩岛屿。这片海域经历了超过 5 亿年的地质演变——奥陶纪至志留纪时曾是深海，石炭纪至二叠纪转为浅海环境，历经 2000 多万年喀斯特溶蚀，最终形成今日的海上石林奇观。1994 年，下龙湾被联合国教科文组织列入世界自然遗产名录，2000 年因其全球性地质价值再次被列入世界遗产名录。

岛屿由石灰岩和石片岩构成，密密麻麻的石峰造就了丰富多彩的山形与溶洞——天宫洞、惊奇洞、木头洞等洞穴内石钟乳、石笋琳琅满目。航行其间，碧波之上峰峦叠起，水天一色，气势恢宏。游轮通常停靠天宫洞、惊奇洞等溶洞参观（每洞约 40 分钟），并在特定海域提供皮划艇体验。晚间继续住下龙。

Ha Long Bay lies off Vietnam's northeast coast, along the western shore of the Gulf of Tonkin: 1,553 square kilometres cradling 1,969 limestone islands. Its story spans more than 500 million years — deep ocean in the Ordovician–Silurian, shallow sea through the Carboniferous and Permian, then over 20 million years of karst dissolution sculpting the stone forest that sails above the water today. UNESCO inscribed the bay as a World Natural Heritage site in 1994, and again in 2000 for its global geological value.

The islands — limestone and schist — rise in dense, countless peaks, hollowed into caverns of great variety: Thien Cung (Heavenly Palace), Sung Sot (Surprise) and Hang Dau Go (Wooden Stakes), where stalactites and stalagmites crowd every chamber. On a full-day cruise the boat pauses at one or two caves (about 40 minutes each) and opens a stretch of water for kayaking. Blue waves, layered peaks, sky meeting sea. We sleep again in Ha Long.

🎵 吉婆岛 Cat Ba Island

乘轮渡从下龙前往吉婆岛。吉婆岛是下龙湾最大的岛屿，也是“下龙湾—吉婆群岛”世界自然遗产的核心组成部分，2023 年与下龙湾一并列入世界自然遗产名录。岛屿保留着原始热带雨林生态系统与红树林湿地，珍稀物种众多。

登岛后自由休闲。吉婆岛比下龙市更安静，租一辆摩托车环岛探幽，或在沙滩上静候日落——原始雨林与红树林湿地之间，是自然爱好者的天堂。

A ferry carries us from Ha Long to Cat Ba, the largest island in the bay and the heart of the “Ha Long Bay — Cat Ba Archipelago” World Heritage property, inscribed together with the bay in 2023. Original tropical rainforest and mangrove wetlands survive here, home to rare species.

The day is yours. Quieter than Ha Long City, Cat Ba rewards a hired motorbike circling the island’s hidden corners, or simply waiting out the sunset from the sand. Between rainforest and mangrove, this is a paradise for lovers of the natural world.

🎵 跨海缆车与滴漏咖啡 Cable Car & Vietnamese Drip Coffee

上午乘坐吉婆岛跨海缆车前往海防市。海防是越南第三大城市、北部最大港口。等候期间可体验赠送的越南滴漏咖啡——罗布斯塔豆配炼乳，是法国殖民时期留下的生活方式，也是越南人日常的仪式感。

This morning we ride the cross-sea cable car from Cat Ba to Hai Phong, Vietnam's third city and the north's greatest port. While we wait for the train, a complimentary Vietnamese drip coffee arrives — robusta beans dripping through a metal pin onto condensed milk, a ritual inherited from the French colonial era and kept alive in daily Vietnamese life.

🎵 海防百年老火车站 Hai Phong's Century-Old Station

海防站始建于 1902 年，随河内—海防铁路建成通车而落成启用，是法属印度支那时期的工业遗产。法式建筑风格，黄色墙体承载着殖民时代的记忆。这条铁路全长 296 公里，是滇越铁路的越南段——滇越铁路自 1901 年动工，1910 年全线通车，被《英国日报》称为与苏伊士运河、巴拿马运河相媲美的世界第三大工程。

Hai Phong station was built in 1902 with the completion of the Hanoi—Hai Phong line — an industrial monument of French Indochina, its yellow walls carrying the memory of the colonial age. The 296-kilometre line is the Vietnamese leg of the Yunnan—Vietnam Railway: begun in 1901 and opened throughout in 1910, hailed by a British daily as the third great engineering feat of the world, beside the Suez and Panama Canals.

🎵 夜行米轨火车 Night Ride on the Metre Gauge

傍晚 18:40，搭乘百年米轨火车前往河内。轨距 1000 毫米（标准轨距为 1435 毫米），列车穿行于红河三角洲平原，夜色中途经稻田、村落与城镇，恍惚间仍是一条 120 年前通往远方的动脉。约深夜抵达河内，入住酒店。

At 18:40 we board the metre-gauge train to Hanoi — a 1,000-millimetre track against the world's standard 1,435. Crossing the flatlands of the Red River Delta, the carriage passes rice fields, villages and towns in the gathering dark: an artery to the world that has run, almost unchanged, for 120 years. We arrive in Hanoi late in the evening and check in.

🎵 巴亭广场与胡志明故居 Ba Dinh Square & Ho Chi Minh's Stilt House

巴亭广场是越南的政治中心，地位相当于中国的天安门广场。胡志明陵安放着越南国父的遗体，故居则保留了胡志明生前简朴的生活空间——高脚屋、鱼池、书房，朴素中见人格。参观需注意着装，陵墓通常在周一、周五及夏季闭馆维护。

Ba Dinh Square is Vietnam's political heart, the rough equivalent of Beijing's Tiananmen. The mausoleum of Ho Chi Minh rests at its centre, while the preserved stilt house nearby — with its fish pond and study — speaks of the austere life of the nation's founding father. Dress modestly; the mausoleum is typically closed on Mondays and Fridays and during summer maintenance.

🎵 河内大教堂 St. Joseph's Cathedral

河内大教堂（圣若瑟大教堂）建于 1886 年，是河内最古老的天主教堂之一，哥特复兴式风格，斑驳的灰砖墙面记录着殖民时代的印记。

St. Joseph's Cathedral, begun in 1886, is one of Hanoi's oldest churches. In Gothic Revival style, its weathered grey brick records the colonial era.

🎵 火车街 Train Street

火车街：一条铁轨两侧紧贴着民居的狭窄街道，火车每天定时轰然驶过，距离近到几乎触手可及。咖啡店主们会在火车通过前收起遮阳棚、撤回桌椅，待列车远去又迅速恢复营业。这是城市空间与日常生活的奇观式共存。

Train Street is a narrow lane where houses crowd flush against the track, and several times a day a train thunders through within arm's reach. Café owners fold their awnings and pull back their chairs before it passes, then calmly reopen. A marvel of urban space and daily life coexisting.

🎵 三轮车游三十六行古街 Cyclo Ride Through the Old Quarter

乘人力三轮车穿行三十六行古街。十五世纪起，每一条街都以交易的特定商品命名——丝街、银街、纸街、鞋街、米街——至今仍保留着“一街一品”的格局。巷弄迷宫般延伸，市井烟火最是鲜活。乘人力三轮车穿行其间，是感受河内市井烟火最地道的方式。

The Old Quarter's 36 streets have been named since the fifteenth century for the goods once traded on each — Silk Street, Silver Street, Paper Street, Shoe Street, Rice Street — and the pattern of one trade per lane survives to this day. The alleys maze outward in the liveliest of street scenes, and a cyclo is the most authentic way to drift through them.

沙坝

沙坝 Sa Pa

上午包车前往沙坝。沙坝海拔 1650 米，坐落于越南最高峰番西邦峰（海拔 3143 米）山脚下，常年云雾缭绕，被西方游客称为“人间天堂”。法国殖民者在 20 世纪初将沙坝辟为避暑胜地，至今小镇仍保留着欧式建筑与生活情调——石砌教堂、咖啡馆、面包店，与山间少数民族的木制吊脚楼形成微妙的对照。

By private car we climb to Sa Pa, at 1,650 metres beneath Fansipan — Vietnam's highest peak at 3,143 metres — a town so often wrapped in cloud that western travellers call it a heaven on earth. French colonists made it a hill resort in the early twentieth century, and the town still keeps its European air: stone church, cafés and bakeries set against the wooden stilt houses of the highland minorities.

梯田下午茶 Afternoon Tea Above the Terraces

抵达后自由活动修整，下午在梯田景观中享用下午茶。离开集市稍远一点，就能看到梯田沿着山脊层层叠叠铺向谷底，少数民族妇女背着竹篓穿行于田埂，云雾从山谷升起——沙坝最迷人的，正是这种工业化尚未抵达的缓慢与质朴。

After settling in, the afternoon slows into tea set among the terraces. A short way from the market, rice terraces fold down the ridges in layered shelves, women of the hill tribes move along the bunds with bamboo baskets, and mist rises from the valleys. What captivates about Sa Pa is precisely this — a slowness and simplicity that industry has not yet reached.

🎵 番西邦峰 Fansipan

番西邦海拔 3143 米，是越南乃至整个中南半岛最高峰，有“中南半岛屋脊”之称。乘坐番西邦缆车上山 —— 该缆车拥有世界纪录：海拔落差最大的不间断缆车，以及全球最长的三索缆车，全长约 6325 米，单程约 20 分钟。缆车穿越云海，脚下是层叠的梯田与黄连山山脉的原始森林，天气晴朗时可远眺中国云南的群山。抵达后还需攀登一段台阶抵达海拔 3143 米的制高点。峰顶设有观景台，可 360 度俯瞰越南北部群山与红河河谷。山顶的佛寺与大阿弥陀佛像置于云海之上，与四川峨眉金顶有相似意境。

Fansipan, at 3,143 metres, is the roof not only of Vietnam but of the whole Indochinese peninsula. The cable car to the summit holds world records — the greatest vertical rise of any single uninterrupted line, and the longest three-rope system anywhere, running about 6,325 metres in a single 20-minute flight. The cabin climbs through cloud above terraces and the primary forest of the Hoang Lien range; on clear days the mountains of China's Yunnan appear on the horizon. A stairway then climbs to the true summit, whose 360-degree platform overlooks the ranges of northern Vietnam and the Red River valley. A pagoda and a great Amitabha statue stand above the sea of cloud — an atmosphere reminiscent of the golden summit of Mount Emei.

🎵 猫猫村 Cat Cat Village

下午游览猫猫村。猫猫村是沙坝最古老的少数民族聚落之一，黑苗族（赫蒙族）早在 19 世纪中叶便在此定居。村内保留着传统的木制吊脚楼，依玫瑰谷山坡而建，层层叠叠，古朴而错落。村中有一处瀑布，法殖民时期被称为“CatScat”，据说这也是村落名称的由来。可穿着当地传统服饰探访村落，体验苗族的手工艺与日常生活。

In the afternoon we visit Cat Cat, one of the oldest minority settlements around Sa Pa, where Black Hmong people have lived since the mid-nineteenth century. Traditional wooden stilt houses step down the slopes of the rose valley in weathered, layered order. A waterfall nearby was known as “CatScat” in the French colonial period — said to be the origin of the village’s name. Try on the local dress, meet the craftswomen, and enter the rhythms of Hmong daily life.

🎵 重返国门：老街 — 河口 Back Across the Nanxi River

清晨告别沙坝，乘车下山至老街。老街是越南西北部的门户城市，隔南溪河与中国河口相望。经河口口岸通关回国。河口与老街隔南溪河一桥之隔，两国风物至此完成转换。入境后乘车前往建水县。建水是滇南历史文化名城，元明清三代为临安府治所，文风鼎盛，古迹众多。住建水。

We leave Sa Pa in the early morning and descend to Lao Cai, the gateway city of northwest Vietnam, facing China's Hekou across the Nanxi River. A single bridge separates the two countries, and customs at Hekou completes the change of worlds. On the Chinese side we drive on to Jianshui, a celebrated historic city of southern Yunnan — seat of the Lin'an prefecture through the Yuan, Ming and Qing dynasties, rich in scholarship and ancient monuments. Night in Jianshui.

🎵 建水古城 Jianshui Old Town

上午游览建水古城。建水古称临安，明清两代为滇南政治文化中心，至今保留着完整的古城格局。城门楼阁、深巷老宅，文庙与朱家花园俱在，古城的日常依然延续着数百年的节奏。

Morning in Jianshui, anciently Lin'an — the political and cultural centre of southern Yunnan through the Ming and Qing. Its city plan survives intact: gate towers and deep lanes, the great Confucian temple and the Zhu Family Garden, daily life still keeping the tempo of centuries.

🎵 临安站 · 百年小火车 Lin'an Station & the Hundred-Year Train

乘坐建水古城小火车。这条铁路的前身是个碧临屏寸轨铁路（轨距 600 毫米），是我国第一条民营铁路，历时 21 年贯通，联通了锡矿资源与滇越铁路，成为滇南经济命脉。1970 年改为米轨，2003 年暂停客运，2015 年重启旅游观光运营。2015 年至 2024 年，古城小火车累计接待游客达 106 万人，带动周边群众增收 2.4 亿余元，这条百年铁路从运输动脉蜕变为文化符号，串起了建水的古今风华。

The tourist train leaves from Lin'an Station. Its ancestor was the Gebishi (Gejiu—Bisezhai—Shiping—Lin'an) line — a 600-millimetre industrial railway, the first private railway in China, completed over 21 years to link the tin mines with the Yunnan—Vietnam Railway and become the economic lifeline of southern Yunnan. Converted to metre gauge in 1970, it closed to passengers in 2003 and reopened for tourism in 2015. Between 2015 and 2024 it carried 1.06 million visitors and lifted more than 240 million yuan into the surrounding communities — a century-old artery reborn as a cultural symbol threading together old and new Jianshui.

🎵 三站停靠：双龙桥 · 乡会桥 · 团山 Three Stations on the Line

双龙桥站：双龙桥俗称“十七孔桥”，始建于清乾隆年间，三阁十七孔石拱桥，造型奇巧，是我国现存优秀古桥之一。

乡会桥站：一座近百年历史的法式建筑车站，黄色墙体与铁路两旁的格桑花相互映衬，充满怀旧浪漫气息。

团山站：终点站团山村完整保存了十九世纪滇南乡村风貌，深宅大院、雕花石砌，步入其中恍若时光倒流。

Double Dragon Bridge — the “Seventeen-Arch Bridge,” first built in the Qianlong era of the Qing dynasty: three pavilions atop seventeen arches, one of the finest surviving ancient bridges in China.

Xianghui Bridge Station — a near-century-old French-style station house whose yellow walls are set off by cosmos flowers along the track: nostalgia made picturesque.

Tuanshan, the terminus — a village preserving the full look of nineteenth-century southern Yunnan: grand courtyard houses and carved stone, a step back in time.

下午乘车前往文山州丘北县普者黑（车程约 4 小时）。入住普者黑景区内。

In the afternoon we drive to Puzhehei in Qiubei County, Wenshan Prefecture (about 4 hours), and check in within the scenic area.

🎵 普者黑 · 柳叶舟游湖 Puzhehei by Leaf Boat

上午乘坐柳叶舟游湖。普者黑是典型的喀斯特岩溶地貌，以“水上田园、湖泊峰林、岩溶湿地、荷花世界、鱼鸟天堂”著称。彝族支系撒尼人聚居于此，仙人洞村背靠溶洞、面朝仙人湖，万亩野生荷花簇拥黄墙红瓦民居，风景如画。普者黑因《爸爸去哪儿》《三生三世》等影视作品取景拍摄而声名远播，但山水本身依旧宁静。柳叶舟穿行于孤峰与荷塘之间，水草摇曳，水鸟翩跹，是喀斯特田园最诗意的打开方式。

Morning glides across the water in a leaf-shaped boat. Puzhehei is classic karst lake country — “water-borne fields, lake-ringed peaks, wetland, a world of lotus, birds and fish.” The Sani people, a branch of the Yi, live here: Xianrendong village with its back to a cave and face to Immortal Lake, its yellow-walled, red-tiled houses wrapped in thousands of mu of wild lotus. Fame came to Puzhehei through films such as *Where Are We Going, Dad?* and *Eternal Love*, yet the landscape keeps its quiet. Drifting between solitary peaks and lotus ponds, past swaying weeds and wheeling waterbirds, is the most poetic way into this karst countryside.

🎵 东风韵艺术小镇 Dongfengyun Art Town, Mile

中餐后乘车前往弥勒市（车程约 3 小时）。下午游览东风韵景区。东风韵的前身是 1958 年国营东风农场，拥有 10 万亩高原葡萄。2015 年起，艺术家罗旭受邀在此打造红砖艺术群落——万花筒艺术馆大量采用本地红砖，以拱形穹顶和流线型外观，将彝族火文化与葡萄酒文化融为一体，建筑如从红土地中“生长”出来，极具魔幻色彩。每年 4 月至 10 月，约 600 亩薰衣草花海将这里装点成“滇中普罗旺斯”。昔日的农场已从“种葡萄”变为“种风景”，成为集艺术、康养、旅居于一体的文旅地标。

晚间泡温泉，入住弥勒。

After lunch we drive to the city of Mile (about 3 hours) and visit Dongfengyun in the afternoon. The art town began in 1958 as the state-run Dongfeng Farm with 100,000 mu of plateau vineyards. From 2015 the artist Luo Xu was invited to build a community of red-brick architecture here — most famously the Kaleidoscope Art Hall, whose domes and flowing lines in local brick fuse Yi fire culture with wine culture, buildings that seem to grow out of the red earth itself. Between April and October some 600 mu of lavender turn the town into the “Provence of central Yunnan.” A farm that once grew grapes now grows scenery — a landmark of art, wellness and slow living.

Evening at leisure in the hot springs, then night in Mile.

🎵 翠湖公园 Green Lake Park

上午乘车前往昆明（车程约 2 小时）。下午游览翠湖公园。翠湖是昆明城的“绿宝石”，红嘴鸥冬日翔集，平日则是市民休闲的核心，湖心亭与柳岸相映，浓缩了春城的温润。

A two-hour drive brings us to Kunming. In the afternoon we wander Green Lake, the city's “emerald,” where gulls gather in winter and residents idle year-round; the pavilion at the lake's heart and its willowy banks distill the gentleness of this city of eternal spring.

🎵 昆明老街 Kunming Old Streets

昆明老街：钱王街、文明街等老街巷保存着民国时期的昆明风貌，可逛特色小店，尝过桥米线，感受这座高原之城的生活节奏。住昆明。

The lanes of Qianwang and Wenming preserve Kunming's Republican-era character — browse the small shops, taste the famous crossing-the-bridge rice noodles, and feel the rhythm of this highland city. Night in Kunming.

一 · 证件与通关 Passports & Border Crossings

- 护照要求：护照有效期须有 6 个月以上，且至少留有 3 页以上空白签证页。出境时务必随身携带护照原件。
- 签证办理：外籍客人须备好两次以上进出中国（大陆）的有效签证。
- 出入境口岸：出境为东兴口岸（中国）—芒街口岸（越南）；入境为老街口岸（越南）—河口口岸（中国）。
- 请自觉遵守口岸秩序，安检及海关区域禁止拍照。通关时正常排队办理手续即可，如遇索要小费的情况，可礼貌拒绝。
- 边境管理：沿途多处为中越边境区域，请勿靠近未开放边境点位。跨境旅游须依法依规进行，不得参与走私、毒品等违法犯罪活动。

Your passport must be valid for 6+ months with at least 3 blank pages — carry the original at all times. Non-Chinese nationals need a valid China visa permitting two or more entries. Exit through Dongxing—Mong Cai, return via Lao Cai—Hekou. Keep to the queues, take no photos in customs, and you may politely decline any solicited “fees.” Stay clear of unopened border points; all cross-border activity must remain lawful.

二 · 货币与消费 Money & Spending

- 现金携带：越南大部分商圈、连锁酒店、超市支持微信和支付宝扫码支付，但路边小摊、集市、小额消费仍需现金。建议少量兑换越南盾，并至少携带约 2000 元人民币现金以备紧急使用。
- 汇率参考：1 元人民币约兑换 3300—3500 越南盾，偏离太多需警惕。
- 换钱建议：在正规银行或明码标价的兑换点换钱，不要找路边私人摊贩，谨防少给、假币。
- 先问价后消费：海鲜大排档、水果摊、特产店，务必先问清价格再消费，避免计价单位模糊或“阴阳菜单”。
- 口岸特产谨慎购买：沉香、药材、红木等特产店铺营销话术多，一旦加工完成无法退货，建议谨慎消费。

WeChat and Alipay work in most malls, hotels and supermarkets; street stalls and small purchases still run on cash — carry about CNY 2,000 for emergencies and exchange a modest amount into dong. Reference rate: CNY 1 $\approx$ VND 3,300—3,500; be wary of wide deviations. Change money only at banks or clearly priced kiosks. Always ask the price before ordering, and treat agarwood, herbs and rosewood at border shops with caution — once crafted, they cannot be returned.

三 · 气候与穿衣 Climate & Packing

- 广西段（德天、明仕、崇左）：夏季 25—34℃，午后多阵雨；秋季 22—29℃，体感舒适。
- 越南段（下龙湾、吉婆岛、海防、河内）：热带季风气候，5—10 月为雨季，常有台风和暴雨，河内夏季高温可达 35℃ 以上。
- 沙坝段：海拔 1650 米，常年云雾缭绕，气温比河内低 5—10℃，早晚温差大，夜间最低气温可达 12—15℃（夏季）甚至 5℃ 以下（冬季）。
- 云南段（建水、普者黑、弥勒、昆明）：地处云贵高原，海拔 1400—2000 米，气候温和。建水、弥勒冬季温暖（8—18℃），普者黑、昆明冬季稍冷（3—15℃），昼夜温差大。
- 穿衣建议：夏季备防晒衣、遮阳帽、墨镜、防晒霜，越南段备雨具；沙坝段薄羽绒或厚外套必备；昆明段“一天有四季”，建议多层穿搭；德天瀑布水雾大，穿速干衣物或备雨衣并为手机防水；溶洞内温度偏低，带轻薄外套；山区林间蚊虫密集，务必携带强力驱蚊液并穿长裤。

Guangxi: 25—34°C in summer with afternoon showers, mild 22—29°C in autumn. Vietnam's coast is tropical monsoon — May to October brings rain, typhoons and 35°C+ heat in Hanoi. Sa Pa (1,650 m) runs 5—10°C cooler than Hanoi with big day—night swings. Yunnan's plateau towns (1,400—2,000 m) are mild but changeable — dress in layers. Pack sun protection, rain gear, a warm jacket for Sa Pa, quick-dry clothing at Detian, a light layer for caves, and strong insect repellent for the hills.

四 · 交通与安全 Transport & Safety

- 路况提醒：全程陆路总里程约 1,840 公里、总车程约 33.5 小时，行程中多地涉及山区公路（尤其广西—越南边境路段、沙坝盘山公路、建水—普者黑路段），弯道多、路程长，易晕车者请备好晕车药。
- 重点日提示：第八日含口岸通关与长途行车（约 4.5 小时车程不含通关）；第十一日建水→普者黑约 4 小时车程、山区路段较多，均需预留充足时间。
- 越南交通：摩托车密集，路况与国内不同，过马路请勿低头看手机或快速横穿。
- 包车建议：各地景点分散，公共交通班次少、耗时长，全程包车是较为便捷的选择。
- 雨季安全：如遇台风、暴雨等不可抗力导致越南海事部门禁航，下龙湾游轮出海等水上活动将受影响，旅行社将协助调整行程，由此产生的额外费用需客人自理。
- 高原反应：沙坝（约 1650 米）、昆明（约 1900 米）有一定海拔，一般不会产生严重高反，但年长体弱者应避免剧烈运动、多喝水。
- 购物纠纷：景区内商店、路店的购物属个人行为，产生的纠纷与旅行社无关，敬请知晓。

Expect about 1,840 km / 33.5 hours of driving with many mountain stretches — the border roads, Sa Pa's switchbacks and the Jianshui—Puzhehei run. Carry motion-sickness medicine if you are prone. Vietnam's traffic is dense with motorbikes: never cross a street while looking at your phone. A private car is the practical way between these scattered sights. If typhoons force a sailing ban on the bay, we will rework the day's plan and any extra cost is borne by the guest. Sa Pa and Kunming sit high enough to warrant drinking plenty of water and avoiding exertion for the elderly.

五 · 文化与习俗 Culture & Etiquette

- 小费习惯：越南有付小费的习惯，可酌情给予酒店行李员、船家等服务人员，参考标准每次约 5000—10000 越南盾。
- 着装要求：参观胡志明陵等政治场所时需注意着装，不可穿短裤、短裙、无袖上衣。
- 禁止携带：出入境时请勿携带违禁物品，遵守两国海关规定。
- 住宿登记：越南边境地区旅游时，需按规定办理居留和住宿登记手续。
- 尊重少数民族习俗：行程涉及猫猫村（黑苗族）、天琴壮寨（壮族）、普者黑仙人洞村（彝族撒尼人）等少数民族聚居村落，请尊重当地风俗，未经允许不要对着当地人随意拍照，尤其是老人和孩子。

Tipping is customary in Vietnam — a modest VND 5,000—10,000 per service for porters and boatmen is appreciated. Dress respectfully (no shorts or sleeveless tops) at Ho Chi Minh's Mausoleum and other political sites. Carry nothing prohibited across either border, complete residence registration in Vietnam's border areas, and respect minority communities — at Cat Cat, the Zhuang villages and Puzhehei, always ask before photographing people, especially elders and children.

六 · 健康与特殊人群 Health & Special Guests

- 60—69 岁游客：参团须征得直系亲属书面同意，签署《游客健康申明》及《免责声明书》。
- 70—74 岁游客：建议提交出发前 3 个月内的身体检查报告。
- 75 岁以上游客：本行程跨越广西、越南、云南三省/国，全程约 33.5 小时车程，行程较为紧凑，不适合 75 岁以上老年人参团。
- 温馨提示：以上费用标准及注意事项仅供参考，实际费用及政策以报名时旅行社最终确认为准。出行前请确认护照有效期、签证办理进度及当地天气。十四日行程较长，建议随身携带常用药品、旅行枕及零食，让旅途更加舒适愉快。

Guests aged 60—69 must join with written consent from a next of kin, signing a health declaration and waiver; ages 70—74 should submit a medical check-up from within 3 months; this demanding multi-border, 33.5-hour itinerary is not suitable for travellers over 75. Figures and policies above are for reference only — the final confirmation at booking prevails. Before departure, verify your passport validity, visa progress and the weather; for fourteen days on the road, pack personal medicine, a travel pillow and snacks.
